AURA RING:

The AURA ring is empowered with the energy of mystical gemstones. This ring is a visualization of the aura around all things in the universe. The subtle lines that detail the ring remind us that we are all linked to one another and that there are lines of energy that run between us and the ones we love.

ANANTA RING:

The ANANTA Ring places an oval gem between two thin bands that are connected at the back. This ring represents the endless passage of time, and how lifelines can connect and touch each person's heart. Circles represent eternity, endlessness, and the cycle of life. The power of the gemstones are increased by the power of the circles, so that you can increase your own inner energy. Gift this ring to someone you want to show that your love for them is infinite, or gift it to yourself to remind you that self-love is the first step to living your happiest life.

AIMI RING:

The AIMI Ring was created to visualize the embrace of love within those who wear it so that they can manifest the affection that they deserve.

The gemstone on the front represents the spiritual need itself while the twisting band represents the flow of energetic love that comes and goes through us. At the ends of the band, we have placed two small gemstones for an extra boost of energy that can enhance the other stones.

This ring is perfect for anyone in need of balancing their centers so that spirit can flow freely through the body to create a place where love and light can heal and grow. Available in teardrop cut 1-carat Amethyst with mini Sapphires at the end, or baguette cut half-carat Aquamarine with mini Emeralds.

ADI RING:

The ring for any occasion, the ADI Ring will fit with any look you desire and bring the natural power of gemstones to your aura. «Adi», meaning jewel or ornament, was chosen for this ring to name it after the opulent gemstones that we put in it. Set with one square and one round gemstone, the twist of the metal is a beautiful homage to the flow of life and all the blessings that it brings. The square gem represents the sacred geometry while the round cut gem represents the infinite nature of energy. Choose between garnet, peridot, blue sky topaz as the gemstone and sterling silver, rose-gold, or yellow-gold plated. The ADI Ring is beautiful in combination with the ADI Bracelet to complete the set.
